Tools: Git · GitHub · Vercel · Webflow · Godot · Jira · Agile / Scrum

EXPERIENCE

Freelance Developer · Various clients Aug 2025 – present

- Reykjavík Game Summit — official event website with GSAP animations (Next.js, TypeScript, React) — reykjavikgamesummit.is
- Nýr Tækniskolinn — official responsive Webflow website design & deployment — nyrtaekniskoli.is
- Vertonet — website for a women-in-tech nonprofit; translation, chatbot, API-backed events (Next.js, TypeScript, MongoDB) — github.com/ln0185/Vertonet

Developer Intern · [Aranja Studio](#) Mar – Jul 2025

- Built Flipp, a real-time multiplayer party game in React and Next.js — [party.games](#)
- Integrated live game logic syncing across devices, collaborating with designers and the CTO
- Wrote unit tests (Jest) and Playwright E2E tests for user flows
- Participated in code reviews and collaborative UX development

SELECTED PROJECTS

Flipp · Live React · Next.js · Jest

Real-time multiplayer party game — live device syncing, custom state management. Built at Aranja Studio.

Nýr Tækniskolinn · Freelance Webflow · UX/UI

Fully responsive website from concept to deployment, working directly with client on brand and UX.

Vertonet · Nonprofit Next.js · TS · MongoDB

Website for a women-in-tech nonprofit — full translation, chatbot, database-backed events via API.

Reykjavík Game Summit · Live Next.js · React · TS · GSAP

Official event website with rich GSAP animations and responsive design.

Sagnir · SVEF Nomination 2025 Next.js · TS · Tailwind · Leaflet

Next.js app delivering Icelandic folklore stories — interactive map, custom API, search, quiz.

Airwaves · Iceland Game Jam — 3rd place Godot

Game made in Godot for the Game Makers Iceland Game Jam.

EDUCATION

Diploma — Computer Programming · Reykjavík
Academy of Web Development (Vefskólinn)

2024 – Aug 2025

- Grade: 9.125 / 10
- React, TypeScript, Next.js, UX/UI design with Figma; Agile/Scrum methodology
- Every project began with a design sprint using Stark for accessibility review
